

Squash Court Specialist Contractors

CourtCare UK is a leading contract specialist offering a complete supply and fix package of squash court finishes for traditionally-built and panel system courts. We co-ordinate the supply and installation of all of the specialist squash court components into one coherent operation, guaranteeing compliance with correct specifications and technical standards - for wall systems and finishes, glass-back walls, floor systems, court markings and accessories.

Courtcare is an England Squash approved contractor, and each package component is approved by the world governing body of squash - the World Squash Federation (WSF), and renowned for quality, performance and durability. With many years of practical contracting experience, we provide a comprehensive and unrivalled service.
